

Design Line: Planes, Trains, and Automobiles

The first in a series of concertina fold-out books, Planes, Trains, and Automobiles features one hundred iconic boats, bikes, and other examples of creative excellence. This is a comparative history of transportation, illuminated in a visually accessible timeline that can be read back to front, top to bottom, and right to left. Brought to life by Mike Lemanski, this book is a stylish tribute to vehicles of all shapes and sizes.
