Alan Price and the Statue of Zeus is the third book in The Nephilim Chronicles by Jonathan Yanez. Book 1 - Alan Price and the Colossus of Rhodes Book 2 - Alan Price and the Temple of Artemis Book 3 - Alan Price and the Statue of Zeus Book 4 - Alan Price and the Horsemen of the Apocalypse

---

With the fallen Archangel Gabriel wielding an unparalleled power and all out war on the horizon, Alan, the chosen Horseman of War, is forced to seek help. There is another Archangel, Raphael, who holds the key to unraveling the mystery behind Gabriels power. However Raphael wants nothing to do with either side, still living in regret from a past that haunts him. Convincing the Archangel to once again enter the never-ending battle between Light and Darkness will be a task Alan cant achieve on his own. Two more Horsemen will appear. Dragged back and forth by the sides of Light and Dark, these two new Horsemen will sway the outcome of history. It seems demons and even angels will do anything to control a Horseman and the influence they wield. Things go from disastrous to catastrophic when, Alan finds himself developing feelings for one of his friends. Timing couldnt be worse for Alans newly discovered interest, not only is she reluctant to return his advances, her status makes it nearly impossible for them to be together. In the middle of a supernatural war Alan will find himself attacked on both physical and emotional fronts.
