

Inservice Manual: Passenger Assistance Training from Care Provider Training

This in-service is designed for community transportation drivers that transport persons with disability and the elderly in long term care communities or as non-emergency transportation drivers and crew members. The training ensures that community transportation drivers have current expertise in passenger assistance techniques and sensitivity skills appropriate for serving persons with disabilities and the elderly. It covers legal, practical and safety issues and aims to improve passenger safety by providing the skills and information for passenger assistants to meet the needs of their passengers. Care Provider Training is a continuing education company focusing solely on nurses aides, home health aides, personal care assistants and other direct care workers. Care Provider Training has over 13 years of providing in services to educate home health aides and nurse aides. We provide both online and self-learning education programs to meet the needs of direct care providers in Adult Family Homes, Assisted Living Communities, Nursing Homes, Hospice, Home Care Agencies and Group Homes.
