

Atomic and Molecular Data and Their Applications: Joint Meeting of the 14th International Toki Conference on Plasma Physics and Controlled Nuclear ... / Atomic, Molecular, Chemical Physics)

The International Conference on Atomic and Molecular Data and their Applications is a forum for interaction of AM (Atomic and Molecular) data producers and users and for information exchange on AM data needs and availability, AM data activities and databases worldwide. These include applications in magnetic and internal fusion, industrial plasma processing, astrophysics, lighting, medical radiation physics and atmospheric physics.
