

Baby Zeke: The diary of a chicken jockey (an unofficial Minecraft autobiography) (Baby Zeke: The Diary of a Jockey Book 1)

Book 1: Read the book that started it all!
FROM THE REVIEWS: It was almost as good as Harry Potter. I loved the book. I cant wait until I can read the other books in the series. I gave the book 5 stars. It is an awesome book!!! It was so good! It totally rocked and i think the author should make a sequel. You rock author. Moo. I got this for my 7-year-old to read to his 4-year-old brother, as they are both completely obsessed with Minecraft and love chicken jockeys. The writing is cute and better quality than some of the unofficial Minecraft books, and Zekes story kept them on the edge of their seats. *****
Zeke was spawned as a baby Minecraft zombie, and everyone made fun of him because of his size. But after meeting Zeb, his full-sized zombie mentor, Zeke learns that he has special powers that will help him survive in his crazy world. When he later meets a chicken named Harold, he becomes a Chicken Jockey. But, a nighttime raid on a village begins the process that will turn his world upside down....
