

Crusader Codex

The Mightiest Mortals and Monsters of the Crusade! The Crusader Codex brings you over 20 fantastic stat blocks for friends and foes alike, ranging from CR 1 to CR 20, incorporating mortals and immortals in service to law and chaos, good and evil. You will find holy priests and tainted tieflings alongside stealthy demon-slayers and blighted druids of the wounded lands, from twisted alchemists and spirit-channelers to skalds singing the malevolent music of war without end. In addition to humanoid heroes, the Crusader Codex contains a variety of monsters with class levels, from bloodthirsty redcaps and trolls to demon oracles, night hag mesmerists, and more, as well as updated versions of the monstrous mandragora! Each stat block contains roleplaying notes and detailed tactical notes before, during, and after combat. Whether as unique individuals or stock characters, leaders or minions, the characters in the Crusader Codex stand ready to bring the pain wherever the GM needs them. This 38-page compendium of creatures and characters is an ideal companion volume to Unrighteous Villains from Legendary Games, as well as the Pathfinder Roleplaying Game NPC Codex and Pathfinder Roleplaying Game Monster Codex, in supplementing any campaign where your heroes are battling the Abyss and its allies!
