

The Fix Is In: The Showbiz Manipulations of the NFL, MLB, NBA, NHL and NASCAR

Professional sports in America: its all about fair play and the goal of winning championships. At least thats the spin. But could it be a massive showbiz operation filled with greedy owners, crooked referees, and coddled players, all with the unstated goal of grabbing as much money as possible? Author Brian Tuohy provides a full-sourced saga of the corruption that has infected the storied histories of the NBA, MLB, NFL, NHL, and NASCAR. With reality obscured by a complacent and often complicit sports media, The Fix Is In shines a light on a hidden history of clandestine arrangements between television networks and sports leagues, all against a background of drinking, drugging, and crime. Finally, heres a book that unflinchingly examines the sordid underbelly of the American sports industry.
