

The First Mosquito (Coastal Spirit Tales)

While practicing his spear-throwing one day, young Yax throws too far and loses his spear among the trees. Ignoring his mothers warnings about the dangers of the woods, he wanders alone into the forest, only to learn the hard way about the value of parental wisdom. Fortunately, the members of the village are able to enlist the help of friendly spirit creatures Creek Woman, Thunderbird and the Lightning Snakes, who set a trap for the boys pursuers and help transform a fierce monster into the insect now known as the mosquito.
