

Battle Order 204

David's boyhood dreams of flying led him to England for months of training to be a bomber pilot in World War II at age 19, but his final flight was a nightmare. Seconds after the bombs were released, David was wounded in five places and his fellow pilot Dog was hit. Flying metal slashed his right knee, thigh, and shoulder; the tendons and artery in his right hand were severed; and shrapnel ripped through his thick leather helmet, fracturing his skull as his aircraft went into a dive. This riveting true story takes young people through the events of a young WWII pilot's heroic journey and his courage and endurance in the face of terrifying conditions.
