

Illustrated Cake Decorating

From the book...This book is intended to be not only of use to learners, but instructors and teachers will also be able to learn something from it. Never be above learning. Take notice of everything and you will find that there are certain things you can learn even from a fool if you only look for knowledge. This book has eight chapters and over 90 illustrations designed to teach such things as tools for piping, scroll work, side work and much more. Contents...I. Necessary Tools for Piping and Ornamenting II. Preparing Icing III. How to Ice Cakes IV. Preliminary Exercises V. Full Designs - Birthday Cakes VI. Wedding Cakes VII. Chocolate Medallions for Cake Centers VIII. Flower-Piping
