

The Faery Reel: Tales from the Twilight Realm

Faeries, or creatures like them, can be found in almost every culture the world overbenevolent and terrifying, charming and exasperating, shifting shape from country to country, story to story, and moment to moment. In *The Faery Reel*, acclaimed anthologists Ellen Datlow and Terri Windling have asked some of today's finest writers of fantastic fiction for short stories and poems that draw on the great wealth of world faery lore and classic faery literature. This companion to the World Fantasy Awardwinner and Locus bestseller *The Green Man* is edgy, provocative, and thoroughly magical. Like the faeries themselves.
