

Developing Partnerships in Sport and Leisure: A Practical Guide

This title offers practical guidance on how to approach and develop partnerships between the private and public sectors in the leisure industry. Supported by case studies and examples of successful partnerships and how they were achieved, it also looks at the benefits of partnerships to each sector and how to overcome potential problems. It enables the reader to make informed decisions when considering whether or not to enter a partnership aimed at improving leisure facilities and shows how partnerships for sport and leisure facilities can and do work.
