

Fade (The Bloom Series Book 2)

Book 2 of the Bloom Trilogy HAVEN KINCAID said goodbye to a normal life the moment she set foot inside the Dome. The underground complex is a sanctuary for others like her gifted individuals who can create and absorb the powerful energies that bind the very fabric of our existence. Now, a year later, she wants nothing more than to create a new normal by spending time with the ones she loves. Yet when a vicious enemy arrives and infects everyone inside the Dome with a deadly virus, Haven is forced to set out on a dangerous journey to find the cure. COLTON ROSS has finally found a place he belongs. Life at the Dome and with Haven is better than ever. After he is infected with a virus that strips him of his ability, Colton must fight to protect his friends from a deadly villainess whose power far exceeds anything he has ever imagined. She will not stop until she finds Haven, even if it means the destruction of each and every person in the Dome. Fade is an action-packed fantasy adventure similar to X-Men and Jumper that continues the story of two young people with special powers struggling for survival in a dangerous world.
