Jason and Erins urgent mission takes them deep into the colorful and deadly wilds of Faerie, full of bizarre and rude creatures, and past the glittering volcanic islands of the Southward Sea. In man-world, Mitch and Dred try to prepare for a live concert in front of millions of viewers while half their band is missing. The record company is furious with them, and so are a certain violet-haired fairy and her banshee wolf friend, who finally catch up with them in Los Angeles. In Faerie, Queen Mab and the leprechaun Aonghus Mac Lobhar enter into a secret agreement over a new kind of magic that will change fairyland forever...
