

What You Know First

A child comes to terms with the fact that she and her family are leaving the prairie... . As she talks herself into acceptance, her Mama helps her let go, commenting that the baby will need someone to tell him where he came from. So the girl gathers mementoesa bag of earth and a piece of cottonwood tree... .A novel hides in these few pages. As with Sarah, Plain and Tall, the subext vibrates. So much is told in each perfectly chosen phrase. The story is deep and specific, but the pain and denial of a child leaving a known and loved place is all too universal. Mosers finely-wrought engravings, enhanced by moody tints, record the departure.SLJ. 1995 Pick of the Lists (ABA)
