

## Diana Wynne Jones: The Fantastic Tradition and Childrens Literature (Childrens Literature and Culture)

British author Diana Wynne Jones has been writing speculative fiction for children for more than thirty years. A clear influence on more recent writers such as J. K. Rowling, her humorous and exciting stories of wizards academies, dragons, and griffins-many published for children but read by all ages-are also complexly structured and thought provoking critiques of the fantasy tradition. This is the first serious study of Jones work, written by a renowned science fiction critic and historian. In addition to providing an overview of Jones work, Farah Mendlesohn also examines Jones important critiques of the fantastic traditions ideas about childhood and adolescence.
