

HIPAA Omnibus Rules Simplified - The HIPAA made EASY Approach to Privacy and Security Compliance for The Healthcare Facility

HIPAA: A decade ago we barely knew what this 5-letter acronym stood for. Now a days, healthcare professionals in the USA need a sub-specialty or fellowship in HIPAA protocols to make sense of the intricacies. From computer and internet configuration, to encryption coding and software interface, to the new-language of HIPAA acronyms and definitions, and dont forget paper shredding, paperless-form protection and (17) new forms you will need written to the new HIPAA Omnibus Rule standards. Are you hip? Are you understanding the full complexity of this ambiguous but ever-present monster? HIPAA is the beast you have to tame. If you dissect the HIPAA Omnibus Rules, and read through them enough times (as I did), you start to see a pattern emerge with the need to have these (3) must have HIPAA Compliance Categories in place with in your dental office: Training, Paperwork & Facility Protocols that include all required components. Is your head spinning right about now? Thats understandable. The Omnibus Rules are pretty intense! And the government is taking the protection of patient PHI very seriously. With the advancement of technology and massive information sharing, healthcare employees, as well as, employers must conform. All these questions and much more is answered within our new book HIPAA Omnibus Rules Simplified - The HIPAA made EASY Approach to Privacy and Security Compliance for The Healthcare Facility If you are one of the following healthcare providers, the HIPAA Omnibus Rules apply to you, Doctors Clinics Psychologists Dentists Chiropractor Nursing Homes Pharmacies Health Plans Medical, Dental, and Vision Plans HMOs Medicare & Medicaid Long Term Care Veteran Plan Health Care Clearinghouses Billing Services Re-pricing Companies Community Health Mng.
