

## Im Nobody: The Lost Pages

Caleb Reed is scared of everything. Terrorists. Bird flu. Even the gas stove. But what frightens him more than anything is the abandoned, ghost of a mansion across the street. With its boarded up eyes and eerie overgrown gardens, the hundred year old beast has been mocking the agoraphobic teen for years, Now, things are getting worse. The paint peeled mansion has been changing, and mysterious notes from a dead poet have begun to arrive on his doorstep. His parents think hes losing his mind, but Caleb knows theyre wrong. Somethings going on over there, something strange, something terrifying something beautiful. Read the EPIC Award nominated novel that critics are saying is an amazing read!, powerful and unlike anything Ive read. Im Nobody: The Lost Pages is a triumphant tale of hope over fear, and one that readers of all ages will love. A London Book Festival Honorable Mention winner.
