

Navy Seals: Elite Operations (Military Special Ops) (Military Special Ops (Lerner))

Trained to fight at sea, in the air, and on land, U.S. Navy SEALs tackle whatever missions come their way. They must master skills such as combatting enemies under water, fast-roping from a hovering helicopter, and demolishing enemy weaponry. Learn how Navy SEALs are taught to think like scientists and perform like soldiers as they track down terrorists, rescue hostages, and venture into enemy territory to gather critical information.
