

The Brothers Tuerl & The Staffs of Zeus

Thousands of years ago four brothers were born to the demi-god Perseus. A prophecy recovered from the ruins at Delphi bears the last remaining inscription of their existence: Water-Alecto, Earth-Xenophon, Wind-Idus, and Fire-Irgen. One final word was scratched and worn, almost to the point of oblivion. It answered the question-what happens when Earth, Wind, Water, and Fire rise up against the gods? What happens when demi-gods gain the power of the gods? And what happens now that the fate of the world is to be decided by two young brothers? The answer-Chaos.
