

In Winters Shadow

Praise for Gillian Bradshaw: A welcome new light on the horizon of popular Arthurian legend. Book list Vows broken... Friendships betrayed... The fate of heroes finally revealed... As powerful enemies attack the throne from inside the kingdom, Arthur, his queen, and his greatest warrior Gwalchmai will be put to the ultimate test. Never faltering in her loyalty to the king, Gwynhwyfar has stood at Arthur's side through rebellion and war. But one desperate decision could cost her all they've built. With the kingdom crumbling around them, following the Queen's heart could be the greatest threat of all. ..Praise for Bradshaw's Hawk of May series: Compelling ... splendid ... vibrant ... exhilarating ... a novel that seduces us into accepting sorcery and sanctity in King Arthur's England. New York Times Book Review Will appeal to those who have enjoyed Tolkien's works. Library Journal What readers are saying: One of the most emotionally compelling novel retellings of this classic story. If you like this legend—this is a must read. This collection will never leave my bookshelf! The author has a gift for creating ... beautiful, heart-stirring prose.
