

Job Skill Superbook #17 Book 1. Outdoor Job Guide (General & Outdoor Recreation Jobs)

Outdoor jobs generally go in five categories: 1.) Outdoor recreation and outdoor guides. 2.) Environmental and ecology. 3.) Agriculture. 4.) Parks and government natural resources. 5.) Other jobs where being outdoors is incidental to the job. Many local vocational schools offer technician type courses for outdoor work. General outdoor recreation books are at #796 to #799 at the library. This book is about some general jobs outdoors like drilling wells, pest control and selling flowers but mostly its about what is called the outdoor recreation or outdoor adventure industry which goes from park work and campgrounds to all the different things people do outdoors for hunting and fishing to adventure from river rafting and mountain climbing. The outdoor recreation industry is mostly about the manufacture and sales of outdoor equipment and clothing but then it moves into education courses and adventure experiences. Its big business. I see canoes, boats, ATVs, RVs, dirt bikes and all kinds of other stuff in driveways and yards everywhere. There are lots of outdoor activities all the way from walking to climbing, caving, water sports, etc. There are outdoor adventure schools where you learn basic outdoor survival skills. There are campgrounds everywhere. Outdoor books generally go from #796 to #799 at the library. 796. Outdoor sports. 797. Water and air sports. 798. Equestrian and animal sports. 799. Fishing, hunting, shooting.
