

## The Last Knight of Camelot

Following the Battle of Camlann, a nearby order of Monks take on the gruesome task of burying the dead. While sifting through the bodies, they discover a knight, barely alive. Knowing that the survival of the kingdom lies with this lone survivor, they take him to their abbey. Once healed of his wounds, the last Knight of Camelot sets out on a quest to find King Arthur whom he believes still lives, so he may restore his king to the throne, which has been taken over by a Saxon. However, to be successful in his quest, Sir Garth must find the Isle of Avalon, where Queen Morgan le Fay has secretly hid her wounded brother. During his quest, he meets many of the characters from Arthurian Lore.
