

Leaping Beauty

Who better to wreak havoc with eight beloved fairy tales than Gregory Maguire, the brilliant, funny, and nationally best-selling author of the adult novel *Wicked* as well as the hilarious middle-grade series *The Hamlet Chronicles*. Zany animals of all species run through these fractured tales with alarming speed and dexterity. Who would have thought that the ageless, exquisite Cinderella could be recast as the silly story of an enormous yet lovable elephant who plods along to the ball with glass pie plates on her feet; or that *Sleeping Beauty*, that most regal of all fairy tales, could be twisted into the story of a frog with a most unusual and promising dance career? Get ready to meet a gorilla queen and a psycho chimp, seven giant giraffes, and one very bad walrus.
