

# Lets Get Lost: Adventures in the Great Wide Open

Craig Nelson has experienced places most people only dream about. He has walked the Great Wall of China; taught New Guinea cannibals how to dance; communed with a sign-language-speaking orangutan in Borneo; gotten into an altercation with the Peoples Liberation Army in Tiananmen Square; and taken psychoactive pharmaceuticals with a male witch in the depths of the Amazon jungle. In this vastly entertaining, often hilarious, and sometimes poignant book, he shares his global jaunts and haunts with armchair travelers everywhere.
