

Little Lost Unicorn

A tender story of friendship and bravery, from the author-illustrator of last seasons Rabbits Winter Walk. When Little Unicorn gets lost in the woods, all the forest creatures comfort and welcome him. But while hes playfully giving the smaller animals a ride, Baby Rabbit slips off his back and into the water and he cant swim. Will Little Unicorn be able to rescue the tiny bunny? And will he ever find his way back home again? Lorna Husseys shimmering art showcased on embossed and spot-laminated pages captures all the beauty of the magical unicorn and his woodland world.
