

Looking Back: A Book of Memories

In this fascinating, moving autobiography, Lois Lowry explores her rich history through personal photographs, memories, and recollections of her childhood. Lowry's writing often transports readers into other worlds. Now, we have the rare opportunity to travel into a real world that is her own life. This new edition features a refreshed design, an introduction by New York Times best-selling author Alice Hoffman, and original material from Lois as she shares memories from the past twenty years of her life, including the making of the film, *The Giver*. Readers will find inspiration and insight in this poignant trip through a legendary writer's past.
