

The Magic of Fire: Hearth Cooking: One Hundred Recipes for the Fireplace or Campfire

2003 James Beard Award Nominee
The open hearth is where American colonials baked their beans, English families took their tea, French country families prepared their pot au feu, and Italian mothers stirred their polenta. THE MAGIC OF FIRE explores both the techniques of hearth cooking and the poetry of hearth and flame through the ages. The recipe collection offers a fascinating glimpse into the past with authentic renditions of Brisket Baked under Ashes, Pot Roast, String-Roasted Turkey, Stockfish Stew, Chocolat Ancienne, and Tarte Tatin. With its evocative and erudite narrative and extraordinary paintings by master realist Ian Everard, THE MAGIC OF FIRE is the definitive work on open-hearth cooking.

A? The first book to cover the complete range of open-hearth cooking techniques, including ash baking, ember roasting, hearthside grilling, string- and spit-roasting, and hearthside Dutch oven baking. A? Features 100 extraordinary illustrations of food and fire by master realist Ian Everard. A? Many of the recipes require no special equipment. Simply open the book, light a fire, and cook.

Definitive book on cooking.

THE MAGIC OF FIRE is the most thoughtful and thorough study of hearth cooking I know of. His book is full of practical information (the section All about the Fireplace is a masterpiece), unconventional recipes, and fascinating historical references that link his modern perspective to this primitive art. It will inspire professionals as well as serious home cooks to recover the taste that only hearth cooking can deliver. AiPaul Bertolli, chef and owner, Oliveto Cafe & Restaurant, author of Chez Panisse Cooking
