

Men-ipation

Get ready for a thrilling ride that takes you from the depths of Heroin addiction to the pinnacle of high society only to end up six feet under. Five out of Five Stars This memoir packs a wallop. Without apology, Men-ipation is the naked confession of a life gone wrong but a love gone right. --- Eve Paludan, author of three editions of The Romance Writers Pink Pages, Letters from David, and Taking Back Tara... [T]his was one of the best books I have read about addiction! She tells it like it is and you feel like you are right there in the room with Monica Sarli. I could not put my Kindle down! --- S. Ann, a reader I recommend [Men-ipation] to anyone who has ever suffered from addiction or had their lives and families torn apart by someone else who did. Even those who haven't will find their heart touched by this compelling story. It will engage you from start to finish. --- Connie Flynn, author of Shadow on the Moon Men-ipation is dark, dangerous, dramatic and funny as it follows Monica Sarli's lifelong battle with men, sex and Heroin addiction. From facing down psychopathic drug dealers to the FBI threatening to put her in the Witness Protection Program or the SWAT team appearing to rescue her from a man she's done with, and every story is as true as it is strange. More Praise for Men-ipation Monica Sarli has ... the strength of character to put down on paper all of the ups and downs of her messy but ultimately rewarding life. This is a book that will inspire women. I look forward to further episodes of her memoirs. --- John Walsh, professional reviewer Monica is a force of nature. An active volcano of emotions and passions. While reading her book you feel like watching a play or a movie. --- Giancarlo Belluso, Italy If you have ever struggled with addiction or know someone who struggles with addiction, Monica Sarli wrote Men-ipation for you.
