

## Merlins Mistake

Brian and Tertius set out on a quest to find a wizard and save a kingdom from an evil knight. All his life, Brian has craved a grand adventure. On his sixteenth birthday, he meets the young traveler Tertius and knows it's a sign that his adventure is about to begin. Tertius is on a mission to find a wizard to teach him magic, and Brian promises to help him. But before they can begin, the two must pass through Meliot, a small kingdom with a terrible problem: every year, it must pay tribute to the wicked Black Knight, or else he will cut off the king's head. When Brian falls in love with one of the king's twin daughters, he's ready to do whatever it takes to win her hand in marriage, even if it means finding the one knight prophesied by Merlin to destroy the Black Knight and rid Meliot of his evil forever. With the help of a mysterious old woman, Brian and Tertius set out from Meliot, both swearing to help the other with his mission. But they know their journey will be far from easy. If the two boys can persevere, they may discover that sometimes, what you seek is right in front of you all along.
