

Survive Bed Bugs: A Beginners Guide (Common Disorders Book 2)

Bed bugs are the ultimate household pest: They evolve to survive pesticides, they're terrific at hide-and-seek, and they always come back for more. Odds are high that every household will be forced to battle them at some point. This book tells you how to win. In order to learn how to get rid of bed bugs, you'll be able to flip through ten quick chapters, learning everything you need to know about topics including: an overview on bed bugs; symptoms of bed bugs, solutions; bed bug myths; treatment of bites; and how to tell the difference between similar pests like fleas, lice, and ticks. On top of all that, you'll receive a checklist of the best materials to combat a bed bug infestation, complete with links to purchase them inexpensively. And as always, I've included a list of potential online resources you can use to learn even more. At just 2.99, this over-4,000 word manual is Amazon's most useful bed bug-removal guide.
