

Microcosms (Panther)

In his acclaimed work *Danube*, Claudio Magris painted a vast canvas stretching from the source of the river to the Black Sea. Now he focuses on the tiny borderlands of Istria and Italy where he was born and where he has lived most intensely. From the forests of Monte Nevoso, to the hidden valleys of the Tyrol, to a Trieste cafe, *Microcosms* pieces together a mosaic of stories - comic, tragic, picaresque, nostalgic - from lives minor characters. Their worlds might be small, but they are far from minimalist: in them flashes the great, the meaningful, the unrepeatable significance of every existence. *Microcosms* won the Strega Prize in 1997.
