

Moms are Nuts

Emmy winners, magazine editors, comedians, TV personalities, bestselling authors and social media superstars team up to bring you a laugh-out-loud book not about being a mom, but about having a mom, grandmom or mom-figure. And while its not OK for someone else to make yo-momma jokes about your momma, it is perfectly healthy even downright hilarious to find the humor in your own upbringing. In fact, these writers highly recommend it. So if you think your mom is nuts, pull up a chair. Youre in good company.
