

National Geographic Readers: Trains

Choo Choo! Kids love trains! Especially the old-timey steam engines found in amusement parks and zoos. But what about a super-speeder in Japan that zooms on the track at 361 miles per hour? Or the worlds longest freight train, stretching on for a whopping 4.6 miles? Or futuristic railways in the sky? In this Level 1 reader, young readers will discover a whole new way of looking at trains! National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.
