

Necropolis (Gaunts Ghosts)

Book three in Black Library's longest running Sci-fi series returns. For a thousand years, the Sabbat Worlds have been lost to the Imperium, claimed by the dread powers of Chaos. Now, a mighty crusade seeks to return the sector to Imperial rule. And at the forefront of that crusade are Colonel-Commissar Ibram Gaunt and the Tanith First and Only—better known as Gaunts Ghosts. On the world of Verghast, a grinding war between two hive cities—one loyal to the Imperium, the other fallen to the worship of the Dark Gods—is bolstered by the forces of the Imperial Guard. But bitter rivalries and treachery threaten to derail the defence of Vervunhive, and it falls to Gaunt to take command of the Imperial forces and forge victory from an almost certain defeat. This edition includes the epilogue short story *In Remembrance*, in which Gaunts Ghosts are accompanied into battle by an artist commissioned to create a sculpture in commemoration of a great victory by the Tanith First.
