

## The Circle Cast: The Lost Years of Morgan le Fay

The sorceress Morgan le Fay - seducer of King Arthur and destroyer of Britain - was a girl once. But how did an exiled girl become the most powerful witch in legend? Britain, 480 AD. Saxon barbarians are invading, pushing the civilized British out of their own island. Morgan is the daughter of the governor of Cornwall. But when her father is murdered and her mother taken as the King's new wife, she has to flee to Ireland to avoid being murdered herself. But Ireland is no refuge. She's captured in a slave raid and sold to a village witch. As Morgan matures into a young woman, she has nothing to protect her but her rage to vengeance, and a growing magical talent. She falls in love with a young Irish chieftain, and makes him powerful. But will her drive for revenge destroy her one chance for love and happiness?
