

Comix Economix (Chester the Crabs Comics with Content Series)

This is the fun way to teach complicated economic ideas like opportunity cost, supply and demand, taxes and capital resources. Chester the Crab explains economics using a trip to a video rental store, a safari with The Tax Hunter and the tracing of how a dollar changes forms as it goes through a suburban mall. This funny, colorful graphic novel will excite reluctant readers, prepare students for standardized tests and help homeschooling parents!
