

## Safe At Second

Todd Bannister has it all: a fastball made for the majors, scouts lining up at his door, a beautiful girlfriend, and his best friend Paulie--his number one fan. It seems nothing can stop the bright future that lies ahead. But all it takes is one line drive--and Todd takes it square in the face, and loses an eye. Things are different now. Will Todd have the strength to give up his old dreams and move on? Will Paulie? Scott Johnson weaves a masterful tale about what happens after the big game in this engrossing coming-of-age story.
