

Zombies vs Vampires - A Beginners Guide

What do you know about Zombies and Vampires? This is a beginners guide to the impending Zombie Apocalypse. What about Nanobots or the witch trains of Haiti? Are there any real Vampires roaming the streets? Have you even seen a Vampire and how would you like to meet a real Vampire? And what do you know about Zombies? Have you met one of those ghoulish creatures? Oh, so maybe you prefer Zombies now do you? Or maybe you are not too sure? Well, by the time you get to the end of this book that is, if you are brave enough to read it all the way to the end - then you will know if you are a Vampire Kid or a Zombie Kid or maybe, just maybe, you are still a bit confused and might be a mixture a Vambie or a Zompire? This is a light hearted, tongue-in-cheek, but still kid-scary, journey into the mystical world of vampires and their friends. And visit the dark cemeteries where Zombies hangout and learn what makes them tick as only the undead can. Tick Tock.... is that creepy brain virus going to get you? At the end of the book, take this simple test to see if you are more of a Vampire Kid, or more of a Zombie Kid. Buy this book only if you are brave enough! And watch out for the rats!!!
