

## Artificial Intelligence to Bus Systems and Computer Interfacing, Volume 2, Encyclopedia of Applied Physics

EAPs Seal of Approval EAP is sponsored by the \* American Institute of Physics \* German Physical Society \* Japan Society of Applied Physics \* Physical Society of Japan First work of its kind to approach physics from the standpoint of technical and industrial applications - Comprehensive and detailed coverage of the entire field of applied physics in an easily accessible form - Unique and highly useful classification system - Supplements guarantee that all articles remain up-to-date. Each article contains: - a detailed table of contents - a glossary of unfamiliar terms - a detailed reference list - a guide to further reading - Numerous cross-references - Uniform terms, abbreviations, symbols, and units
