

Randy Rileys Really Big Hit

Randy likes space, robots, and baseball, but he cant ace everything ... or can he? Chris Van Dusen knocks one out of the park with a comical ode to ingenuity. Randy Riley loves two things: science and baseball. When it comes to the solar system, the constellations, and all things robot, Randy is a genius. But on the baseball diamond? Not so much. He tries ... but whiffs every time. Then, one night, Randy sees something shocking through his Space Boy telescope: its a fireball, and its headed right for his town! Randy does the math, summons all of his science smarts, and devises a plan that will save the day in a spectacular way. Once again, Chris Van Dusen winds up his visual humor, dizzying perspectives, perfect pacing, and rollicking rhyme and delivers a hit to make readers stand up and cheer.
