

ECHOs Revenge: The Other Side, (ECHOs Revenge: A Young Adult Science Fiction)

ECHO 7, the real, artificially intelligent game predator has escaped. Luca and his team of game developers are horrified, but are even more astonished to discover that immediately after the escape, they are fired and their company is mysteriously closed down by its owner. Soon, the team discovers an alarming pattern of kidnappings and Amber Alerts emerging down the West Coast. Is ECHO kidnapping the gamers? Or could it be HAKr? Who will be abducted next? And will Luca be able to come up with a plan to stop ECHO before ECHO finds him first? Echos Revenge: The Other Side is a cautionary tale for all creators of artificial intelligence. VOYA Reviews (Teen Adventure) Starts off with a bang, containing no shortage of adventure, suspense, and imagination.
