

The War in the West: The Eustacian Rebellion

What could you bear to lose for a dream, even when it seemed that dream was dead? With the death of his Uncle, the Tsar General of Eadensax, Marius Dechenshaven is soon going to find that out. His rival Eustace De Mharburg has made a grab for power... and his first act has been to order Marius execution. With help from his long lost sister, he has escaped and defeated De Mharburgs minions... but now things are becoming a lot more dangerous. What was once a private though deadly feud is now a civil war... Can Marius save everything he knows from the evil regime of Eustace De Mharburg and his blackcoats?
