

Revenge of Lancelot: The Knights of Camelot Book 9

So much has changed for me. I cannot believe I am the same man who began this journey a lifetime ago. It all started when I fell for Guineveres charms only to know it was Arthur I wanted and now-together at last-we will conquer our most deadly enemy. We have to conquer him because I have far too much to lose... Far too much. Lancelot and those who travel with him must find the god Balar and defeat him. They have won against Mordred but at a terrible cost, both Arthur and Tancred are badly wounded. Morgana also has a secret that will be used by their enemies to subvert her husband and all their plans. There are so many questions left to be answered. Will Lancelot save Rhea and Raton? Will Tancred and Arthur ever find the love they both crave? Will Lancelot finally be able to hang Caliburn over his hearth and know they have found peace at last inside the land that is Albion? The tempestuous and passionate lives of the Royal houses and their friends continue to throw up new twists and turns right to very last page.
