

Doom & Gloom

Meet Dane Winter. Hes never, ever been afraid of the dark. As the richest kid in Winterville, he lives in a mansion, owns tons of gadgets, and gets \$1,200 a week in allowance. In fact, he has everything a twelve-year-old could want, except his freedom. Born with a rare sun allergy, Dane spends his days in the gloom of Winter Mansion hiding from deadly UV rays. Everything changes when his parents give him a high-tech solar suit. With it, he can safely go outside and explore the town his ancestors built. But all is not well with Winterville. When Dane uncovers a criminal plot hatched by the evil Mad Dogs, he vows to defend the city he loves. Using his new suit, he teams up with his klutzy gal pal, Jinx Bellamy, and resurrects their childhood superhero team of Doom & Gloom. Except saving the day is a whole lot harder than it looks in comic books. Full of sci-fi fun and dazzling swordplay, Doom & Gloom delivers for action/adventure lovers, ages 9+.
