

Mother Murphys Law

A Brief Interview With Mother Murphy, Himself Q. How did you come up with the idea for Mother Murphys Law? Mother Murphy: I spend a lot of time with my children, and it seems that something is always going wrong. I used to think I was a klutzy daddy...then it dawned on me: 1. When I was a kid, everything my parents did was wrong. 2. Now that Im a parent, everything I do is wrong. Q. What does Mother Murphys Law explain? Mother Murphy: The book is pretty much a catalog of things that can go wrong as you have and raise kids. For example: If most of the baby shower gifts you receive are blue, your baby will be a girl. Your babys diaper is wet moments after youve changed her into a clean one...and leakproof diapers arent. your toddler knocks on your bedroom door the moment youre about to have sex...or barges in unannounced at the peak of passion. Any food thats good for your child is yukky...and any food thats loaded with sugar, salt and fat is yummy. Anything you say or do when youre with your teenager in public will embarrass him.
