

Scatter, Adapt, and Remember: How Humans Will Survive a Mass Extinction (Chinese Edition)

Language: Chinese. Pub Date: 2014-08-01
Pages: 272 Publisher: Shanghai Science and Technology Publishing House
The sixth great extinction - humans can get over it? With vivid strokes, the fact that a scientific answer to the two major issues of human concern: First, the sixth mass extinction will happen? Earth had already experienced five times the mass extinction, the sixth mass extinction are going to happen, it is impossible to escape the laws of nature. The second is for the upcoming sixth mass extinction, humanity will go from here? Sixth great extinction - humans can get over it? I start from the beginning of the story of fossil organisms geological history, dating back to life again and again how to spend the mass extinction, as well as humans migrated out of Africa difficult process, and to explore how science and technology and human intelligence, all kinds of disaster re...
