Undecided: Escape the system, find your passion, and achieve the freedom and happiness you've always wanted.

Are you not sure what you want to do with your life, but you feel pressured to make a decision NOW? Do you have dreams and desires but they just don't seem practical? Go to college, get a job, raise a family, and retire. This is what you've been told over and over again your entire life. The simple truth is that college is not for everybody. Undecided uncovers how the system of college is perpetuated for people who don't really need it. It not only shows you how to break free from this system to find your true passion, but also gives you the confidence and tools that you need to finally take action on your desires. Undecided is filled with stories and advice from people who have taken the leap to carve their own paths. In this book are the proven principles that successful people use time and time again to achieve massive success without a college degree. It's time to Decide. Stop wasting time and money pursuing a degree you don't want or working a job you hate. Scroll up and click Buy Now to find your passion and earn your freedom today!
