

# Solomons Southern Fist

Solomons Southern Fist is a story of a young man who absolutely loved the martial art of kung fu so much so that it filled his imagination at every turn. Young Solomon was given the great task of putting his skills on display. On the surface, one might think this is a simple task. However, Solomon was hit with a dose of stage fright. He was overtaken by fear, so much so that he almost was unable to perform and was stuck at the crossroad of success and failure. This book is a story of overcoming the roots of adversity and kindling a light from within. The outer strength necessary to fight the inner enemy can be found in the wondrous science of martial arts.
