

## Shades of War (Stone Soldiers #4)

Colonel Mark Kenslir has defended America from the supernatural for over fifty years. In that time, he has killed many men. Now one of those vanquished enemies has come back from the grave--and is raising a spectral army from Civil War battlefields for revenge. The Stone Soldiers must find a way to stop an army that is already dead, before it reaches Washington and plunges the country into chaos. Aided by his cryokinetic granddaughter, an amorous vampire M.D. and his petrified men, will the Colonel stop the forces of darkness or will Washington fall to the shades of gray? The Stone Soldiers are America's secret weapon against the forces of darkness. A small detachment of psychics, supernatural soldiers and men turned to living stone, they respond to threats conventional forces are not equipped to handle. Battling myths, monsters and magic around the world, the men and women of Detachment 1039 stand ready to do whatever it takes to stop evil in its tracks.
